13 oz. Gloss

16 oz. Blockout

18 oz. Matte

10 oz. Anti Curl

12 oz. Smooth Vinyl

CLING Z

NEW

Cling Z is an adhesive free, electrically charged graphic film that adheres to any dry interior surface and is easy to apply and easy to reposition. The electric charge means no glue, tape, tacks, or pins required.

Cling Z is suitable for any size job and ideal for temporary indoor applications for up to 6 months. It consists of a polypropylene face and a 3 mil. PET backer. It will not damage even the most sensitive surfaces or leave a trace of residue.

Chemically inert, PVC-free, phthalate-free, and recyclable.
Can be die cut, kiss cut, perforated, scored, and folded.

REMOVABLE ADHESIVE VINYL

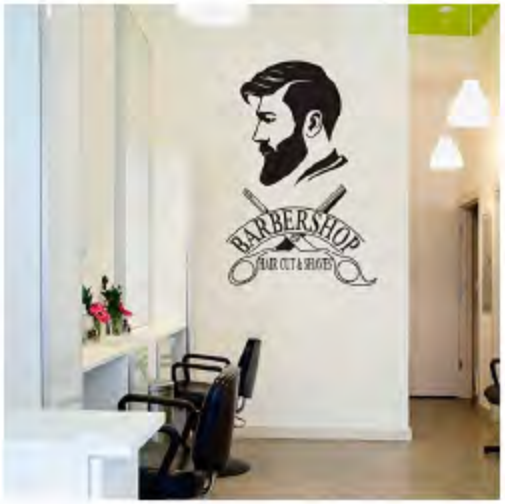
A low tac adhesive that is repositionable and removable.

It leaves no residue and can be used over and over again.

Can be custom cut into any shape. Can be used to put on a wall like Fathead.

DIE CUT ADHESIVE VINYL

Give your walls, windows or vehicle a premium look with custom die cut vinyl lettering. Great for signage, wall or window art and décor. The vinyl letters are produced as individually cut letters that are pre-spaced on a wax liner. You do not have to apply the individual letters one at a time.



FLAGS

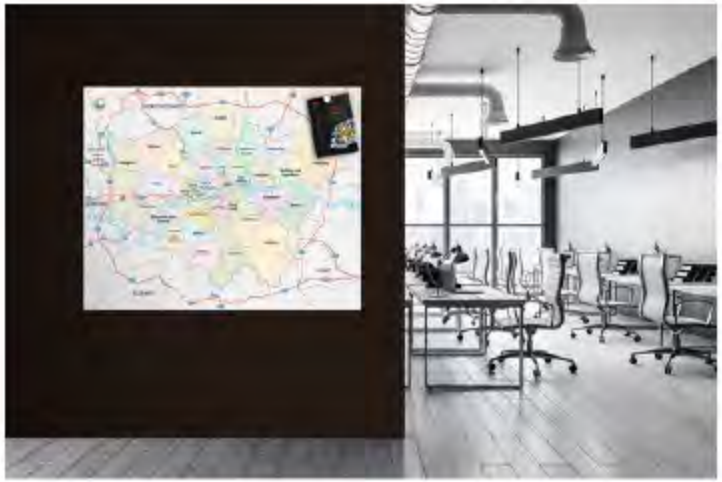
A custom feather flag is commonly used for festivals, performances, street fairs and athletic competitions. These banners are engineered to stand up in fair to moderate weather. Many companies implement custom teardrop and flying banners to increase brand recognition, advertise new merchandise or exhibit logos and slogans in an outdoor setting.

Available in Single-Side or Double-Sided Flags

MAGNETS

Custom sizes and artwork let you promote your company, product or service. Our magnets are printed in full color and are waterproof, long lasting and removable. 39" wide by however long.

Custom produced in different shapes and sizes for indoor and outdoor use. Perfect for companies, schools, churches, veterans organizations, etc.



REFLECTIVE SIGNS

NEW

Increase the visibility of your signage at night or during poor weather conditions with reflective adhesive, aluminum, die bond and magnetic signs.

Reflective signs are essential when visibility is low. A reflective sign uses ambient light to illuminate itself to improve readability.

Ideal for parking lots, construction sites, schools, emergency vehicles, delivery services and more. Indoor uses include fire safety instructions, emergency exit signs and directionals, stairwell signage and more.
